- Staff should not play music in public areas of the library unless connected with some approved program or event.

IV. Collection

The Demopolis Public Library acquires and makes available materials which inform, educate, entertain and enrich persons as individuals and as members of society. Since no library can possibly acquire all print and non-print materials, every library must of necessity employ a policy of selectivity in acquisitions. The Library provides, within its financial limitations, a general collection of reliable materials embracing broad areas of knowledge. Included are works of enduring value, timely materials on current issues, and items of popular interest. Within the framework of these broad objectives, selection is based on community needs, both those expressed and those inferred from study of community demographics and evidence of areas of interest. Consideration is given to reference and circulating materials for adults and young people.

A. Principles and criteria for the selection of materials for the general collection

1. Print and non-print materials will be chosen for values of interest, information, and enlightenment of the diverse population of Demopolis and Marengo County. In no case will library materials be excluded because of the race or nationality or the social, political, or religious view of the authors.
2. The library will provide print and non-print resources presenting all points of view concerning the problems and issues of our times. No library materials will be proscribed or removed from the library because of partisan or doctrinal disapproval.
3. Tools used in selection of adult and juvenile materials include professional journals, trade journals, subject bibliographies, publishers' promotional materials and reviews from reputable sources. Inclusion in the Fiction Catalog and the Public Library Catalog constitutes recommendation of permanent value for adult materials. Inclusion in Children's Catalog, Jr High School Catalog, and Senior High School Catalog constitutes recommendation of permanent value for juvenile and young adult materials. Purchase suggestions from patrons are welcome and are given serious consideration.
4. The library strives to compose a juvenile and young adult collection of materials representing the best literary and artistic taste that satisfies informational needs and that provides recreational reading at all levels of growth. Parents are responsible for censoring their children's library materials.

B. Audio Visual Materials

1. Audiobooks shall be subject to the same criteria for selection as stated in II. Collection – Section A.
2. Videos/DVDs will be purchased as funds allow in the areas of classic movies, family oriented movies, educational films, and movies with local significance.
3. New formats shall be considered for the collection when, by industry report, national survey results and evidence from local requests, a significant portion of the community population has the necessary technology to make use of the format. Availability of items in the format, the cost per item, and the Library's ability to acquire and handle the items will also be factors in determining when a new format will be collected. Similar consideration will influence the decision to delete a format from the Library's collections.

C. Demopolis History Collection

1. The overall scope of the Demopolis History Collection (DHC) will include the history of Demopolis and her people.
2. Certain subjects within the DHC necessitate a more regional outlook, such as historic homes, historic church buildings, historic school buildings, and regional waterways and bridges.
3. The Demopolis Public Library will strive to make the DHC accessible to the greatest number of people using the latest technology.
4. The DHC is limited to those materials which can be encapsulated. Pamphlets and lengthy documents will be indexed in the DHC, but barcoded and stored in a vertical file.
5. Items that are no longer relevant or useful will be removed from the DHC at the discretion of the librarian.

D. Scope and Limits of the Collection

1. Materials which are no longer useful in the light of the principles and criteria of selection of the library will be systematically weeded from the collection and made available for sale to the public.
2. Alabama books weeded from the collection will be given to the Alabama Public Library Service or other interested libraries.

E. Copyright and Censorship

Censorship will be challenged by the Library in the maintenance of our responsibility to provide public information and enlightenment.

The Library will cooperate with all persons and groups concerned with resisting abridgement of free expression and free access to ideas.

The rights of any individual to use of this Library will not be denied or abridged because of age, race, religion, national origins, or social or political views.

The Demopolis Public Library subscribes to the Freedom to Read Statement which interprets The Library Bill of Rights with these propositions:

1. We will make available to everyone who needs or desires them the widest possible diversity of views and modes of expression, including those which are strange, unorthodox or unpopular.
2. We need not endorse every idea contained in the materials we produce and make available.
3. We regard as irrelevant to the acceptance and distribution of any creative work the personal history or political affiliation of the author or others responsible for it or its publication.
4. With every available legal means, we will challenge laws or governmental action restricting or prohibiting the publication of certain materials or limiting free access to such materials.
5. We oppose labeling any work of literature or art, or any persons responsible for its creation, as subversive, dangerous, or otherwise undesirable.
6. We, as guardians of intellectual freedom, oppose and will resist every encroachment upon that freedom by individuals or groups, private or official.
7. Both as citizens and professionals, we will strive by all legitimate means open to us to be relieved of the threat of personal, economic, and legal reprisals resulting from our support and defense of the principles of intellectual freedom.

From the Intellectual Freedom Statement.

F. Expansion of Resources

The Library will keep itself informed of other publicly available resources of books and other materials in the area to avoid unnecessary duplications.

The Library will assist patrons in finding information beyond its own resources when necessary. The Library will collect sources for possible referrals including agencies, institutions, organizations, and individuals in and beyond the community.

The Library will also borrow materials from other libraries for patrons. The materials available to borrow are subject to the requirements of the lending libraries. Please see the Interlibrary Loan Policy for more information.

The Library will lend to other libraries materials which are requested for patrons with serious interest and which are not available in the borrowing library. Patrons of the Demopolis Public Library have a priority in the use of its materials.

G. Gifts

The Demopolis Public Library accepts gifts of books, audio visual materials, and other materials with the exception of the following items.

- Records and archives of civic and community organizations.
- School yearbooks.
- Items in poor condition – yellowing, moldy, musty, marked in, or damaged.
- Items which would require additional security.
- Items over ten years old that do not have significant historical value.

Gift material will be accepted with the understanding that the materials may be added to the collection, sold, exchanged, given to other libraries, or discarded.

Gifts of materials for the collection are subject to the same principals and standards of selection as outlined in II. Collection – items A-E. Gift items that are deemed acceptable will be added to the collection in normal sequence because separate collections limit the use by the public and complicate the location of materials. The Library cannot guarantee that any gift will be kept permanently.

Once accepted, donations are final and the exclusive property of the Demopolis Public Library and are, therefore, subject to all Library rules, regulations and procedures. At the request of the donor, gift items will be acknowledged using the Library's Gift Form. The Library cannot appraise gifts for tax purposes.

Gifts of money, real property and/or stock will be acceptable to the board. Those making monetary donations may wish to recommend how their contribution(s) are to be used. The Demopolis Public Library will comply with such requests whenever possible. However, the Demopolis Public Library reserves the right to commit donations to services and projects in keeping with its priorities. Monetary donations will be acknowledged in writing.

V. Internet Use Policy

In meeting the needs of the citizens of Marengo County and the City of Demopolis, the Demopolis Public Library offers Internet access to our library customers. Our goal in providing Internet resources is to enhance our collection in size and depth with information that may not be otherwise available or as up-to-date. In our role to provide current, high demand materials, it is our goal to build a collection that is reflective of the community and its needs. Therefore, the library may limit access to Internet functions which it determines to be inconsistent with its mission and goals.

It is the Demopolis Public Library's policy to comply with the requirements of the Children's Internet Protection Act (CIPA) and the June 23, 2003 United States Supreme Court decision relating thereto. In doing so, the library understands that required technology protection measures (filtering software) may not be fully effective in blocking intended sites and may inadvertently block unintended sites.

The Library offers both filtered and unfiltered access to the Internet. Full (unblocked, unfiltered) access is available to Adults. Adults use the Internet at their own discretion, and the Library has no control and is not responsible for the content on the Internet. Not all sites provide accurate, complete, or current information. Some access points carry information that a user might find controversial or inappropriate. We encourage our patrons to be sensitive to the fact that they are in a public setting.

To assure that customers of all ages are able to access Internet sites that have been mistakenly blocked, the library will provide a method by which they can request that such sites be unlocked and will unblock sites in a timely manner. For Adult patrons 19 and older, the library will disable the filter for the purpose of "bona fide research or other lawful purpose." Patrons must ask at the desk to have the filter removed.

Patrons are requested to exercise appropriate discretion in viewing materials. The library will not guarantee privacy for individuals using library public access computers to search the Internet and computer screens may be visible to people of all ages, backgrounds, and sensibilities.

Internet computers will not be used by anyone, including minors, for illegal activity, to access illegal materials, or to access materials that by local community standards would be obscene (see Alabama State Code Article 5 13 A-8-102.) Internet use will be managed in a manner consistent with the Library's Rules of Conduct which have been adopted and are posted in the Library. Failure to follow these guidelines, resulting in illegal or unethical use of the Internet, will result in revocation of a user's right to use this resource.

The Library will have no liability for direct, indirect or consequential damages related to the use of information accessed through the Internet. The Library is not responsible for damage to user's disks or computers or for any loss of data, damage or liability that may occur from the use of the Library's computers.

Library staff are willing to help patrons. The levels of personal computer use and Internet experience will vary from person to person. Because of library scheduling, Internet and PC trained staff may not always be available. Staff may assist a patron, but cannot provide in-depth training.

In order to use our computers most efficiently, PC management software is installed on our patron workstations. This software will require all users to log in with a library card. If a patron does not have a library card, a temporary pass will be issued. Each patron will have one 30 minute session

unless computers are available. If other computers are open, a patron may log in for an additional 30 minute session.

A. Internet Access by Minors

Patrons 18 and under are required to have a filter on the computer while using the Internet. Even with the filter in place, parents and guardians, not the library or its staff, are responsible for the Internet information selected or accessed by their children. The filtering software will block many specific sites that may be offensive to some users, but may not block all materials that may be offensive to all users. Parents concerned about their child's use of the electronic resources must accept responsibility for determining content and establishing guidelines for their child's use that are consistent with personal and individual family values and boundaries. The library cannot assure their children's safety and security when using electronic mail, chat rooms, and other forms of direct electronic communication; cannot protect against their children's unauthorized access, including "hacking," and other unlawful online activities; and cannot protect against unauthorized disclosure, use, and dissemination of personal identification information regarding their children if their children provide it while using the Internet. Children who use the Internet without parental guidance may encounter material that is beyond their maturity level or otherwise unsuitable. The Library strongly encourages parents to discuss the use of the Internet with their children, to determine its most appropriate use.

As with other library materials, restriction of a child's access to the Internet is the responsibility of the parent/legal guardian. Parents or guardians, not the Library or its staff, are responsible for the Internet information selected and or accessed by their child/children.

B. GUIDELINES FOR ACCESSING THE INTERNET

1. Anyone who wishes to use the internet must read this policy and complete the internet use agreement. A copy of the Internet Use Policy patron form must be on file with the library. A parent/guardian must sign the Internet Agreement for anyone under the age of 18.
2. Internet computers will not be used for illegal activity, to access illegal materials, or to access materials that by local community standards would be obscene.
3. Installation, downloading, or modification of software is prohibited.
4. Users will respect Copyright laws and licensing agreements.
5. Users will not make any attempt to gain unauthorized access to restricted files or networks, or to damage or modify computer equipment or software.
6. Users will respect the privacy of other users, and will refrain from attempting to view or read material being used by others. The Demopolis Public library prohibits unauthorized disclosure, use, or dissemination of personal information regarding library users, including minors.
7. The librarian in charge may establish the number of access sessions available per day, per user; such limitations will be dependent on facility-specific demand in order to provide access for a variety of users.
8. By mutual agreement, two persons may share one access session as long as their behavior or conversation does not disturb other users or library staff.
9. Users must end their session and leave the terminal when asked to do so by authorized library staff, even if they have not completed their access session.
10. The Demopolis Public Library network prohibits the use of chat rooms.
11. A patron may save or download information to a floppy disk, a flash drive or email it to themselves. Diskettes, if available, may be purchased at the Circulation Desk.

12. Prompt payment is required by users who incur charges for printing or other authorized fees. Copies are printed at \$0.25 per page. Patrons are responsible for payment of all pages printed. Patrons will not be allowed to use the public access computers until they pay for their copies. A patron must ask a librarian for assistance in printing if they are concerned about printing excess pages.
13. Misuse of the computer, of established guidelines and/or Internet use policies will result in the loss of a patron's computer privileges.

C. WIRELESS INTERNET ACCESS POLICY

Demopolis Public Library will provide free Internet access points or "hot spots" for users with portable computers or devices capable of receiving wireless signals, during normal library business hours. These access points will allow users to access the Internet from their laptop computers when sitting within range of the access points.

Library staff will provide general information on the settings necessary to access the Internet via these connections, but are not responsible for any changes you make to your computer's settings and cannot guarantee your hardware will work with our wireless connection.

If a user has problems accessing the Internet over these connections, staff will verify the Library's connections are up and running, but they cannot assist in making changes to the user's network settings or perform any troubleshooting on the user's own computer. Please refer to your owner's manual or other support services offered by your device manufacturer.

As with most public wireless "hot spots," the Library's wireless connection is not secure. There can be unscrupulous parties between you and anyone you communicate with, and any information being sent or received could potentially be intercepted by another wireless user. Cautious and informed wireless users should choose not to transmit their credit card information, passwords and any other sensitive personal information while using any wireless "hot spot." Please take appropriate precautions when using this service.

The Library will not be responsible for any information (i.e. credit card) that is compromised, or for any damage caused to your hardware or software due to electric surges, security issues or consequences caused by viruses or hacking. All wireless access users should have up-to-date virus protection on their laptop computers or wireless devices.

Printers are not available via the wireless connection at this time. If you need to print, please save your work to a floppy disk, flash drive or email files to yourself, then login to a wired library workstation and send jobs to the public printer.

Use of these access points is governed by our Computer Use/Internet Policy. All users are expected to use the Library's wireless access in a legal and responsible manner, consistent with the educational and informational purposes for which it is provided. Users may not violate federal, state or local laws, including the transmission or receiving of child pornography or harmful material, fraud, or downloading copyrighted material.

D. INTERNET USE REGULATIONS

The Demopolis Public Library provides internet access on computers for public use. The internet is filtered in order to comply with the Children's Internet Protection Act. The following are prohibited:

1. Use of chat.
2. Viewing obscene materials, child pornography, material that appeals to a prurient or unhealthy interest in or depicts or describes patently offensive way, violence, nudity, sex, death or bodily functions, material that has been designated as for "adults" only.
3. Material that promotes or advocates illegal activities.
4. Gambling.

As no filter is 100% effective, Patrons must immediately leave any site that is prohibited should it be accessed. Adult users aged 18 and older may request that the filter be disabled for the purpose of "bona fide research or other lawful purpose." This request is subject to staff discretion and supervision. The prohibitions remain in effect.

The Demopolis Public Library (including the Library Board of Directors or staff) is not responsible for the content of material that is retrieved through the Internet, or for any actions that may occur as a result of such actions.

Termination or Prohibition of User Access

When library employees believe that the user has failed to comply with the Internet Acceptable Use Policy and /or the Rules of Conduct, they are authorized to terminate any user's access session or to prohibit a user from subsequent access sessions for up to two weeks from the date of informing the user of that action. After a hearing before the Demopolis Public Library Board of Trustees, a library patron may be permanently barred from Internet access from the library.

An Internet user whose access session has been terminated or prohibited will be given information concerning the process to protest the action and/or request that Internet access privileges be reinstated.

XII. LIBRARY HISTORY

Since its organization in 1922, the library has occupied several locations in Demopolis. The library began has a room at city hall and was later moved to the building on Cedar Street currently owned by the Demopolis Board of Education. By 1986, the library had outgrown its current space. A survey of other existing buildings was made. Seven possible sites were suggested, but the Ulmer Furniture Building was recommended. This building was located downtown, offered a flexible interior, would provide a two-story library, and had good parking areas available, as well as having been built to handle heavy materials.

The building was built in 1926 by the Ulmer family. On December 14, 1987, the city used \$75,000 of federal revenue sharing money to purchase the building. Education bond money of \$97,272 was designated for use, matched by \$23,728 in city funds. On December 4, 1989, the library moved into its newly renovated location. At a breakfast August 13, 1991 honoring fund raisers, the city council and Mayor Austin Caldwell announced that the note of the library for \$750,000 had been paid in full. This money was largely raised through committee work and private donations.

In October 1997, the library received a major grant from the Gates Library Foundation, established by Bill and Melinda Gates. The Demopolis Public Library was one of six in Alabama chosen to receive the first grants from the Foundation. The \$33,000 grant provided a computer training center with eight workstations, software, and audio-visual equipment. Actually, Demopolis became the first location to be activated. On February 17, 1998, the Demopolis Public Library hosted a reception honoring Mr. and Mrs. Bill Gates as they began a tour of several Alabama libraries receiving their grants. Press from Washington D. C. to Washington state arrived in Demopolis to cover the event.

In February 2007, faster, more functional computers arrived in the third round of Gates's library grant program. Our computers are currently used an average of 1600 times per month, largely for accessing the Internet. The library offers computer classes for beginners throughout the year in the computer training center.

The library currently houses about 25,000 items including books, magazines, videos, DVDs, audio books on cassette and CD, genealogical materials, and a comprehensive local history collection. The materials are selected to encourage life-long learning and leisure reading for all ages.

In February 2006, the second floor of the library opened as the new children's area. A new circulation desk and a staff workroom were constructed. The Gates Foundation donated six new computers. Amos Kennedy hand printed all of the signage. Kirk Brooker painted the murals. Alabama Power Service Organization, The Friends of the Library, the City of Demopolis, the Marengo County Commission, and many individuals contributed to the effort.
